Throughout the year 2023 our board met 3 times, via zoom and live, on 11-2, 2-9, 7-11, and had numerous consultation and meetings of some of the board members throughout the year.

We discussed upcoming projects and budgets, prepared long term plans, evaluated recently completed projects, and monitored projects that are underway. Between meetings, our board members communicate regularly regarding the day-to-day operation of Stichting Rainbow, and each of them carries out various tasks, including involvement in fundraising and production considerations. The board is also active with the financial management of Stichting Rainbow, as well as with legal advice and consulting about future projects.

In our team are currently:
Nir Geva – Chairperson
Sarah Whitlau – Secretary
Erga Netz – Treasurer and director
Gilad Nezer – Director and producer

#### Our vision

Our vision to become a leading organizer, facilitator, promoter, and producer of Israeli-Jewish cultural events in The Netherlands is gradually becoming reality. We see this in the increasing demand for tickets to our performances, and in the number of requests we receive, both from artists who wish to create activities and events in the framework of our foundation, and from members of the audience who request and suggest new activities and artists that they would like us to bring from Israel.
